Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group 1, claim(s) 1, 2, drawn to a method for screening a preapoptotic compound that increases the binding between p73 and IKK.

Group 2, claim(s) 3, 4, drawn to a method for screening a preapoptotic compound that decreases the binding between p73 and IKK.

Group 3, claim(s) 5, drawn to polypeptide SEQ ID NO: 24.

Group 4, claim(s) 6, drawn to nucleic acid encoding polypeptide SEQ ID NO: 24.

Group 5, claim(s) 7, drawn to polypeptide SEQ ID NO: 25.

Group 6, claim(s) 8, drawn to nucleic acid encoding polypeptide SEQ ID NO: 25.

Group 7, claim(s) 7, drawn to polypeptide SEQ ID NO: 26.

Group 8, claim(s) 8, drawn to nucleic acid encoding polypeptide SEQ ID NO: 26.

The inventions listed as Groups 1-8 do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: the claims describe 2 general inventive concepts involving "controlling p73 apoptosis induction activity by means of a protein that acts on p73," but because these two general inventive concepts do not share a novel special technical feature, this international application does not comply with the requirement of unity of invention in accordance with Enforcement Rule 13 (PCT Rules 13.1, 13.2 and 13.3).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
